#### Description of district's efforts to screen and identify dyslexia

DCS administers NWEA MAP tests (skills and fluency) three times per year. Initial screenings of sight word and phoneme inventories in the fall. Students who do not meet grade level benchmarks are given the DIBELS by a reading interventionist and provided small group support. At this point the student has entered our multi-tiered system of support. New interventions are added at 8 weeks if the student show little or no progress. Upon referral to Sped, Woodcock Johnson III is administered.

#### Description of district's efforts to screen and identify convergence insufficiency disorder

Initial conversations when a child enters the multi-tiered system of support at DCS, is whether there has been sufficient hearing and vision testing done by a physician. Parents are contacted for this information. Until the Child Study Team can confirm that a child has been cleared by a physician, the student is not referred to Special Education for an evaluation.
